Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means for enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worried out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them as free from disease as when born. Dyspepsia and Liver Complaint is the direct cause of seventy-five per cent. of such maladies as Billiousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles 10 cents. Try it. *

BOSCHEE'S GERMAN SYRUP can now be purchased right at home; it is the most successful preperation ever introduced to our people. It works like a charm in all cases of Consumption, Pneumonia, Hemorrhages, Asthma, severe Coughs, Croup, and all other Throat and Lung Diseases. No person has ever used this medicine without getting immediate relief, yet there are a great many poor, suffering, skeptical persons going about our streets with a suspicious cough, and the voice of consumption coming from their lungs, that will not try it. If you die, it is your own fault, as you can go to your Druggist .....and get a Sample Bottle for 10 cents and try it; three doses will relieve any case. Regular size only 75 cts. *

DENTISTRY.—Dr. Cool calls attention to the beautiful alluminium-lined vulcanit-plates for upper and lower sets. The advantage of this work is that it is very thin, much stronger and lighter than the common plate usually worn; also, being a better conductor of heat and cold, it does not produce the irritation, sometimes caused by rubber or non-conducting substances. I make these sets for $35, something never before done, and guarantee my patrons that after once wearing one of them they will wear no other. The treatment of diseased teeth and fine operating I make a specialty. Teeth built up with pure gold to their natural contour; artificial crowns adjusted to roots in the best manner. Work of every description done anywhere I engage to do at the most reasonable prices *

Blank Book Manufactory and Book Bindery.

Paper ruled to any pattern. Tickets Receipts, etc., numbered and perforated. Charts and maps mounted. The best classes of modern machinery employed. R. T. WILLIAMS, Government street, entrance through Messrs. Hibben & Co's store. *

IF heretofore you have been unable to wear a set of artificial teeth call on Dr Cool. He will guarantee all his work *

DR. SPINNEY & CO'S DISPENSARY,

No. 11 KEARNEY STREET, SAN FRANCISCO.

DR. SPINNEY, well known as the founder of the Montreal (C. E.) Medical Institute, and late Proprietor of the SPINNEYVILLE INFIRMARY would most respectfully inform his patients and the afflicted generally, that he still continues to treat chronic and nervous diseases with unparalleled success.

LADIES AND GENTLEMEN,

Remember that procrastination is the thief of time so

COME AND BE HEALED!

It matters not what you troubles may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourselves whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will tell you that, for he will not undertake a case unless he is confident of effecting a cure.

Parties at a distance wishing treatment, by sending $25 and a minute description of their troubles will receive in return a full course of treatment securely packed so as not to excite curiosity.

DR. SPINNEY will guarantee to forfeit Five Hundred Dollars for every case of any kind or character which he undertakes and fails to cure.

ANOTHER WONDERFUL CURE

—EFFECTED BY—

California Elastic Truss!

CALIFORNIA ELASTIC TRUSS CO., W. J. Horne Proprietor—Dear Sir: I feel that I owe it to you and to humanity to write the fact that I have been *INSTANTIALLY CURED* of a bad case of rupture of thirty years' standing, by one of your incomparable Trusses, which I purchased from you three months ago. I cannot describe the suffering, both physically and mentally, that I have undergone during that period; and now I feel like a new being. I have worn all kinds of Trusses, both Steel and Elastic, and never received any permanent relief until I tried yours. Its simplicity of construction, and facility with which it can be adjusted, and the ease and perfect freedom to the motions of the body with which it can be worn without causing any irritation, are its chief merits, and it is a perfect supporter. I have not had any sign of a return of the rupture since the first day I put it on and feel that I am *PERFECTLY CURED*. It is invaluable, and the fact should be known to the world. You can refer anyone to me on the subject of its merits I am truly yours, ALFRED J. BURKE,

Chief Mail Clerk S. F. Daily Evening Post.

THURSDAY MORNING, JUNE 26TH, 1879.

WHAT HAVE THEY DONE?

Nearly a twelvemonth has elapsed since the existing Local Government took office. During that period we may safely claim that they have been accorded what they asked—Fair Play by their opponents. They have had an opportunity of showing the sort of mettle of which they are made. They have had a chance of grappling with large and important questions, of overcoming difficulties which their predecessors for want of means found insurmountable, and of placing the relations of the Province with the Dominion on an amicable and satisfactory footing. They were strong, popular and trusted. In place of an Ottawa Government supposed to be hostile to the speedy commencement of railway construction in the Pacific Province they have had to deal with a Government which is avowedly friendly to the great scheme of transcontinental railway construction and under whose sheltering wing the Province found a nestling-place as a political and integral part of the Confederacy. These, it will be admitted, were tremendous odds in favor of the new Government. The cards they held were all trumps, and after their professions of ability and earnestness before taking office it was expected that the hands would be played with consummate skill. But where is evidence to be found that the occupants of the Treasury benches possess the slightest knowledge of the game of politics; that they have taken advantage of the tide which they caught at the flood and steered the Province on to a haven of prosperity and greatness? There is none whatever. They have succeeded in getting nothing that they started out to get. They have lost the Island railway, which Sir CHARLES TUPPER plainly informs the country Vancouver Island will have to build herself or go without. They have done even worse: They have thrown away the chance they once had of securing a money-compensation in lieu of the road. They and their organs turned up their little noses at the bare mention of "compensation," and now they have lost both road and compensation! Then there is the drydock. The advent of the existing Government to office was a signal for the stoppage of work on the cofferdam. The five hundred men whom Mr. WALKEM promised to have at work on the drydock before the 1st of August, 1875, are still, like the embryotic infant of which he discoursed so learnedly in 1877, in the womb of futurity. Even the few men who were at work on the cofferdam when the ELLIOTT Government resigned have had to suspend work because the Finance Minister refuses to cash the certificates of the Government's own engineer (accepted by the Chief Commissioner) for work done by the contractor, while the unpaid men walk the streets suffering for the commonest necessaries! Was there ever so great a burlesque on Responsible Government as is developed in this act of a subordinate Minister defying his chief? Let us consider it for a moment. The Chief Commissioner is the First Minister of the Crown. He is, or ought to be, "Boss." He issues a warrant—a command—to the Finance Minister, who is his subordinate officer, to pay a certain sum of money which, the certificate shows, has been honestly earned. And what does his subordinate do? He secures possession of the warrant, locks it in the safe and refuses to pay it or recognize the authority of his chief!! Dishonors his employer's cheque. Sets him at defiance, and bids him and the contractor take their remedy—the law. And when the chief of the recalcitrant Minister is appealed to, what has he to say—what excuse does he offer for conduct which everyone who knows anything about a Responsible Ministry knows very well could not exist one moment if the Boss of the Ministry (supposing him to be really honest in his expressed wish to see the amount paid) possessed sufficient stamina to enforce his command or invite his Minister to resign? Why, he shakes his head, twirls his thumbs, sighs, rolls his eyes to the ceiling and asks them not to blame him but to visit their wrath on that "—— B——N." What an insult to the common sense of the average legislator to think to hoodwink him in that sort of way. If the money was honestly earned—if the certificate was properly obtained; if the warrant was signed by Mr. WALKEM, Mr. BEAVEN should pay or go. While these worthies are engaged in throwing dust in their supporters' eyes, the workingmen are the sufferers. Pursuing the subject of the Drydock a little further, we believe we are correct in the assertion that the Government are still in doubt as to whether the $250,000 promised by Canada is a gift or a loan. At the last moment Sir LEONARD TILLEY withdrew his resolutions on the subject, remarking that he found an Act already existing under which the $250,000 advance could be made. Hon. Mr. MACKENZIE, who introduced that Act, always contended that the advance was in the form of a loan to be repaid by the Province. Have the Government any new light to throw on the matter? We fear not, because the season is flitting and they have not exercised the power they obtained under a local Act of last session to give out contracts on the drydock. This is another evidence of their incompetence, on which we shall take an early opportunity of enlarging. Leaving the larger matters of railway and dock for the present we turn to the appropriations for local improvements. Why is not the money voted for roads in Victoria and Esquimalt Districts expended on the objects for which it was appropriated? We are told that it is in the hands of the Bank, drawing interest, when it should be in the hands of the workingmen scattering blessings on poor families and reviving trade in this quarter of the Island? What has become of the $4,500 voted for Victoria City? Why is it not sent out upon its mission instead of being retained in the vaults for the Finance Minister to handle and gloat over as a surplus? Where is the $40,220 voted for the cofferdam? If the contractors have failed to fulfil the bond, why are not fresh tenders invited and work afforded to the scores of laborers and artisans who were attracted hither by the hifalutin promises of the Government?

What have they done? we ask at the beginning of this article. They have lost the Island railway; they have paralyzed drydock construction; they have refused to expend the taxpayers' money on useful public works; they have added 25 per cent. to the principal with 18 per cent. per annum interest to the amount due on lands; they have overtaxed farming communities; they have disenfranchised an important and responsible element of the population; and they have caused a shrinkage in the value of real property from end to end of the Province. These are some of the things they have done. It would require a large volume closely printed to enumerate the things they promised to do that they have not done.

REMARKS:

I have this second day of June, 1879, sold the within named Sow to Mr. McTavish, of Victoria, B.C., and of all my imported swine of the Berkshires I have none I wish more success than "Roxy St. Bridge." Belonging to the Sallie family, she shows the form and style, and as a show animal will be found hard to beat at the Provincial Fairs. She is a Royal Berkshire and I wish her every success in her new home, and hope she will as a breeder prove as successful as the reputable family of which she is one.

Yours faithfully, ROLLIN P. SAXE,

Municipal Council.

WEDNESDAY, June 25.

The Council met at 7:50 p.m. Present: His Worship the Mayor, and Couns. Rome, Mansell, Smith, Williams, Walker and McLean.

The minutes of the last meeting having been read and adopted

COMMUNICATIONS

Were read from the Secretary of the Fire Department to the effect that he had been instructed to ask the Mayor and Council to attend the inspection of the Department to be held in Government square on Dominion Day.

On motion of Coun. McLean, seconded by Coun. Williams, the invitation was accepted.

From the city poundkeeper, stating that the misdemeanor he has committed was brought about by the use of strong liquor and promising that if the Council will employ him for a month longer he will refrain altogether from the use of intoxicating liquor and devote $35 of his salary to the maintenance of his family.

Coun. McLean moved that the present poundkeeper be notified that his services are no longer required. Carried.

Coun. McLean also moved that a poundkeeper be advertised for at a monthly salary of $60—poundkeeper to find his own horse. Carried.

From P. Medina, complaining of some cattle having been improperly impounded and asking for a refund of the money paid.

Coun. Mansell had heard numerous complaints from residents of James Bay who stated that some people had been compelled to take out cow licenses and some had not. He would move that the communication lay over until next week to find out whether the cows were taken outside the city limits or not. Carried.

From James Barnes, stating that cattle had broken down his fence and allowed his horse to escape and that his horse had been subsequently impounded. He therefore asked for a refund of the fee paid. Received and filed.

It was ordered that a letter of thanks be forwarded to the Mayor and Council of the City of Montreal for a copy of their by-laws.

DOG POISONING.

A letter was read from Charles Kent complaining of the wholesale poisoning of dogs—his amongst the lot—in the vicinity of Yates street. He also stated that he would be willing to contribute $20 towards tracing the guilty parties.

Coun. Williams said that this sort of thing had been going on for some time and he had lately lost a valuable dog. He would move that a standing reward of $100 be offered for the apprehension and conviction of any party or parties laying poison for the destruction of animals within the city limits. Carried.

THE MACKENZIE CASE.

From Mr. Drake, stating that he had had a consultation with the City Barrister, and that he considered the points raised in the case of McKenzie vs. the Corporation should be argued before the full Court which will sit in November next. The probable result of the argument would be an order for a new trial; but if not, then the verdict could be appealed from.

Coun. Williams moved that instructions be issued for the case to be argued before the three judges.

Coun. Smith did not see the use of carrying the case from Court to Court unless the Council had something definite to rely on.

The motion was carried.

SIDEWALKS.

Coun Smith moved that the tender of Mr. J. Simpson at 30 cents per lineal foot for 6 feet sidewalks and 44 cents for 10 feet sidewalks be accepted. Carried.

Coun. Walker said he had examined Rock Bay bridge and found that if 16 piles were driven the structure would be rendered safe for some time to come.

The Street Com. was ordered to have the work done.

FINANCE.

On motion of Coun. McLean a financial statement made up to date was read, showing that from Jan. 1st the total amount of receipts has been $27,942. as compared with expenditures amounting to $35,110. Amongst the items under the head of receipts are the following: Waterworks, $8,439; real estate tax, $6,140; trades licenses, $4,397; wholesale and retail liquor licenses, $5,738; road tax, $930; direct fire insurance rate, $900; cow licenses, $507.50. The following appear under the head of expenditures: Waterwork, $6,557; street repairs, $8,528; city police, $4,937; charges, $2,508; street lighting, $1,696; debenture account $523; waterworks interest, $5,507; city hall, $2,577; fire department, $300. The estimated revenue of the city for the entire year is estimated at $71,450, of which $27,942 has been collected, leaving $43,507 yet to be collected. Against this the liabilities of the Corporation are set down at $40,807, which leaves a balance of $2,700 at the disposal of the Council after having paid off the indebtedness of the old Council, which amounts to $8,000. In the event of the non-payment of this indebtedness the Council will have $10,700 to expend before the end of the present year.

Coun. Williams hoped the Council would not be deeper in debt at the expiration of the year than when they took office. He thought the Act making Councillors individually responsible for over-expenditure a very unfair piece of legislation and he would make efforts next session of the legislature to have it repealed.

Coun. McLean hoped that Coun. Williams would do no such thing, as the Act was a very necessary safeguard against the misappropriation of the city revenue.

After further discussion the statement as read was adopted.

CITY SURVEYOR.

Coun. Walker said that as the funds appeared to be short and as there was no immediate employment for the City Surveyor he would move that his services be dispensed with.

Coun. Mansell said the proposition was entirely new to him and he would move in amendment that the matter be laid over for a week.

Coun. Smith said it would be manifestly unfair to discharge an officer without proper notice or emolument. He pointed out that the Street Committee had been put to great inconvenience because they could not get the Surveyor to do his work quick enough. It was wrong that property owners should have to wait for weeks for the lines of lots to be defined.

Coun. Mansell withdrew his amendment and the original motion was carried, and on motion of Coun. Smith it was resolved to give the Surveyor a month's notice.

On motion of Coun. Walker it was ordered that a large number of property holders be notified to lay sidewalks in accordance with the new by-law.

WOODEN BUILDINGS.

The Council then went into committee of the whole to consider Councillor Rome's By-law to prohibit the erection of wooden buildings in such part of the city as shall be declared within the fire limits.

Coun. Rome explained that the object of the by-law was to render future improvements in that portion of the city designated of a safer and more permanent character. In every other city of any pretensions a by-law having a similar object in view, but with much more stringent provisions, existed. It might possibly operate harshly in individual cases, but that should not be permitted to stand in the way of the public good. It was a great shame that wretched wooden shanties should be permitted to exist or to be erected to the danger and in the immediate vicinity of buildings of a substantial character. He moved the second reading of the by-law.

Seconded by Councillor Walker.

Coun. Williams thought the by-law promature and moved that it be laid over for six months, when the railway might be commenced.

Coun. Mansell thought the city scarcely ready for such a by-law and seconded the amendment, which was lost.

The second reading of the by-law was then deferred one week and the Council adjourned.

New Westminster Assizes.

On Saturday last Alexander and Andrew Thompson were arraigned on an indictment for forcibly entering the premises of Charles Barrett at Chilliwhack, and with assaulting Mrs. Barrett. The prisoners, who were defended by Mr. Bole, pleaded not guilty; but after a careful hearing the jury returned a verdict of "guilty" on both counts. James Good, indicted for assaulting a klootchman with intent to do grievous bodily harm, was also found guilty. On Monday the prisoners convicted during the Assizes were brought up to receive their respective sentences, which were passed by Mr. Justice Gray, as follows:—E. P. Holding, cutting and wounding, 18 months' imprisonment with hard labor; Indian Jack, cutting and wounding, 12 months' imprisonment with hard labor; Store Jim and Crow (Indians), rape and wounding with a knife, 5 years each in the penitentiary; Dandy Jim (Indian), attempt to murder, imprisonment for life; James Good, cutting and wounding, 3 years' penal servitude; the Thompson Brothers, forcible entry and assault, each to pay a fine of $50 and find sureties to keep the peace for 1 year, in default a month's imprisonment. This concluded the business of the Assizes.

Fine Stock Coming.

HOPE, June 25.

J. G. W.

A MURDERED MAN FOUND.—The New Westminster *Herald* says:—Just about the time that sentence was being pronounced upon Dandy Jim, the supposed murderer of Kelly, for attempting to kill his klootchman, an Indian arrived in town with news that the body of a white man, supposed to be that of Kelly, had been found by the Indians near Point Grey. At the present writing the body has only been seen by the Indians, but they report that there is a mark of a bullet wound in the side, and a piece of rope is attached to the neck. This would tally exactly with the story told by Dandy Jim's wife and child in their evidence on his trial for assault on the former.

NEW WESTMINSTER ITEMS.—The midsummer examination of pupils at the Public School will take place on Friday next—boys and girls, simultaneously.... Lev Harmon, with 16 men and 6 yoke of oxen, at Port Moody, got out 76,000 feet of timber in 6 days. The timber was hauled about two miles to the water so it was an excellent week's work.... At least 200 visitors from Nanaimo are expected on Dominion Day and it is thought they will bring race-horses and boats to render the sports lively.... Judge Gray visited the public schools and questioned the pupils in history. He expressed himself pleased with their efficiency.... Another constable has been appointed by the City Council.

THE steamer Wilson G. Hunt made a quick run down from New Westminister yesterday, leaving there at 7.35 a.m. and arrived here at 1.05 p.m. with the following passengers on board:—Mrs. A McLean, Mrs. Jas. McArthur, Mrs. J. A. Salmon and Messrs. H. McDonald, R. Crossman, C. H. Dixon, J. Blackie, J. H. Bohonan, W. G. Cameron, J. Bero, L Gold, D. Mills, G. A. Walkem, Ferris and Johnson.

SOUTH WELLINGTON COAL.—The first shipment of coal from the South Wellington mine passed down by the Empire yesterday. The quality is pronounced excellent by judges. The mine is in fine running order, as high as 215 tons having been put aboard the steamer in one day. Mr. R. D. Chandler, owner of the mine, arrived in town yesterday and will proceed to San Francisco on Monday.

THE ELECTION IN YALE DISTRICT.—The New Westminster journals understand on good authority that W. H. Lowe Esq., of Osooyoos, will be a candidate at the coming election for the Yale-Lytton District seat in the House of Commons at Ottawa, recently vacated by E. Dewdney, Esq.

PASSED DOWN.—The steamship Victoria with a cargo of Vancouver Co.'s coal passed down on her way to San Francisco early yesterday morning.

HARBOR DREDGING.—Work will be resumed in clearing the harbor of obstructions as soon as the dredger and tug have been placed in condition.

Fatal Accident at Chilliwhack.

On Saturday last an accident attended with fatal results occurred at the thriving settlement of Chilliwhack. It appears that a lad about 13 years of age, ason of Mr. Geo. Banford of that place, was assisting his father to drive a heifer along the road. The boy led the animal with a rope, one end of which he passed around her horns, the other around his shoulders and arms. The heifer was a quite and gentle beast, but on passing McKeever's hotel a dog rushed out and frightened her and she immediately started off on a run. The boy was thrown to the ground by the sudden movement and after being dragged along for several yards, his head came in contact with a stump which doubtless was his death-blow. When the cow stopped and the boy was picked up he was in an almost lifeless condition, the rope being coiled tightly around his neck three times. He lived for about four minutes after being extracted, but was quite insensible and never uttered a word. The feelings of the spectators and bereaved parents can be imagined but not described. The father's must have been particularly agonizing, as the nearer he approached the animal the more frightened she became and the more certain his boy's death. The funeral, which took place on Monday, Rev. C. L. Thompson officiating, was numerously attended and the heartfelt sympathy of the community is extended to the parents.

THE LUNATIC ASYLUM—TWO MORE DEATHS!—Two more deaths have recently occurred at New Westminster Lunatic Asylum. William Page, aged 18 years, a native of Saanich, who was sent up from this city only a few days since, died at that institution on Saturday last, and on the following day Antonio Carusa, aged 41 years, a native of Mexico, also expired. The death rate at the Asylum is truly appalling, and if the Government were alive to their duty they would institute an enquiry with the object, if possible, of alleviating the sufferings of the unfortunate inmates of the place. Instead of this, it would seem that they have inaugurated a system of "economy" which might more properly be called by some other name.

FOR SAN FRANCISCO.—The steamship Empire arrived off the harbor at 9.45 a.m. yesterday from Departure Bay having on board her first cargo of South Wellington coal, consisting of 800 tons. She proceeded on her voyage to San Francisco at 11 a.m. with the following passengers: Messrs. J. P. Ingram, Dieu, Julius Hagerman, J. Smith, Benj. Oppenheimer, B. G. Green and son, W. M. Turtlot, John Brodie, G. Brodie, D. Vader, G. Purdy and Thos. Kiernan.

THE steamer Enterprise arrived here at 2.10 p.m. yesterday from New Westminster with the Lower Mainland mails and following passengers: Mrs. Gray, Mrs. Lawson, Mrs. Todd, Mrs. Hanson, Mrs. Eichoff, Miss Eichoff, Miss Jones, Miss Wark, Rev. J. B. Good, J. R. Sutherby, T. G. Wright, G. Pitchford, C. F. Costirton, D. Dorman, J. Smith, Buckley, O. Westermark, F. Leachey, J. Freeman, R. Wickens, M. Castel, C. Duggan, J. Murphy and J. Slavin.

MARINE. The American ship Herman, 1316 tons, arrived in Royal Roads yesterday morning. She left Acapulco on May 19th, and was towed up to Nanaimo yesterday by the steamer Beaver and will load at the Vancouver Coal Co.'s mine for San Francisco. At the date of her departure from Acapulco the only vessel in port was the U. S. survey steamer Tuscorora, bound south.

TO ARRIVE TO-DAY.—The steamer Isabel will leave early this morning for Port Townsend, where she will connect with the steamer Annie Stewart and bring over a party of Oregonian excursionists, numbering upwards of 100. They will remain here until Saturday at 6 a.m. when the Isabel will make a special trip to carry them back to Puget Sound.

THE first strawberry festival of the season, which was held at Central Hall last evening under the auspices of Perseverance Lodge, I. O. G. T., was numerously attended and proved a very enjoyable affair. The musical selections were an attractive and agreeable feature of the programme.

THE GREAT ZULU WIZARD will appear at the Skating Rink on Saturday evening, June 28th, 1879, on which occasion the most astounding feats will be performed. Ventriloquist, Spiritualist and Magician. All who have seen him pronounce him to be the King of Deception. *

FRASER RIVER.—A rise of a few inches took place at Yale on Monday last, but the river is falling above that point. The wagon road was quite clear of water. At Chilliwhack the river was falling so rapidly that fears of a deluge had been entirely dissipated.

CITY POLICE COURT.—At this Court yesterday William Edwards, charged with vagrancy, was discharged on payment of costs.

EDITORIAL CALL.—Ivan Petroff, Esq., editor of the Alaska *Appeal*, called on us yesterday.

The Reason Why.

My reason for buying Cooking and other Stoves and Parlor Grates at the Albion Iron Works is because I can purchase them there at prices much less than they can be imported for. The quality of the goods is equal, if not superior, to the imported article, and by buying them I get my money back, if not directly I do so indirectly, because the money I pay for an Albion Stove is kept in the country. Do not let unprincipled dealers sell you the imported article when you can help to save the country by buying Stoves, &c., at the Albion Iron Works, Store street, or of any respectable dealer. Examine for yourself and take no other. *

They were so blind or bewildered that they could not open the door although Reynolds, who had been awakened by the roaring flames, called to them and tried to break in the door. He then went to save his wife and barely succeeded in getting her out. He was very badly burned and it is feared fatally.

NEW YORK, June 16.—The *Herald's* London special says that the Rev. Mr. Talmage preached yesterday at Islington Presbyterian Church to an enormous congregation. Much curiosity was evinced by the people to see the famous American preacher. A dense crowd blockaded the streets leading to the church. The enthusiasm was immense. Half a mile before the Presbyterian church was reached the carriage of the reverend gentleman was lifted from the ground and carried bodily to the church. It was one of the most tremendous ovations ever paid to an American minister in London.

MONTREAL, June 13—A slight shock of earthquake was felt in the city last night about ten o'clock. In many cases buildings were shaken, and the startled inhabitants rushed to their doors to ascertain the cause of the strange disturbance. The shock did not last over a moment and appeared to be felt in its greatest intensity in the western portion of the city. Telegraphic advices from St. John reports that the shock was also felt there to a slight extent. All through the night the atmosphere was sultry and oppressive and the gloom was lighted up at intervals by flashes of lightning.

He deliberately shot him while standing about three feet from him, the ball penetrating the abdomen near the navel. Garrett is in a very critical condition. The cause of the shooting is said to be that Garrett seduced a young lady friend of Alexander's. Alexander is now under arrest.

[Per Steamer Isabel.]

An old resident of Zululand writes to the London *Daily Telegraph* saying that the Zulu king has thus far received no injury at all from the English. His sole wealth lies in his crops and his cattle—he has gathered the former and kept the latter. Some of his warriors have been killed, but then he loses a certain number every year, either by massacring them himself or by their flight into Natal. He has gained enormously in arms and ammunition captured during the war.

The 42nd Highlanders (the "Black Watch") are about to be recalled from Gibraltar and again stationed at Portsmouth. This famous regiment has been very severely visited by the malarious fever at Cyprus. A large number of the men are in the hospital at Netley, and the change from Cyprus to Gibraltar has proved ineffectual to eradicate the malady.

In a money-lending case recently tried in the city of Dublin it was elicited that Joyce, the owner of an accommodation bank, charged at the rate of 160 per cent. It was his custom to exact bills of sale which, as the Master of the Rolls said, gave him a right to stop £7 out of £70, take a promissory note for three months, call in the £70 next day, and keep the £7. He also charged a penalty of 1d. a day per pound for non-payment.

There is a hint in the following account given by the London *World* of a recent charity bazar at the Knightsbridge Barracks upon which some New York patriarch may act with *eclat* on the first opportunity: "Pretty Gray Eyes selling flowers. 'How much please?' murmurs the victim. 'Five shillings. Thank you;' and Gray Eyes fastens flowers in victim's button-hole, explaining in the sweetest fashion possible, 'You see, there's two shillings for the rose, shilling for the pin, and—O yes—two shillings for the girl's time in sticking it in.' Very brilliant indeed! Then there was Mrs. Langtry selling no end of Scotch caps and long stockings—all of which, she solemnly assured the victims, she knitted herself; and in the far corner two ladies had secured the services of the great Bernal Osborne himself, who sold canes and cosies and ultimately introductions to beauties for fabulous sums. The last, a splendid notion, by the way. It was great fun and a great success all round; and I am glad to hear the most deserving of the fair stallholders have been made life governors or governesses—which is it?—of the hospital.

The English Troopship "Euphrates" passed through the Suez Canal, a distance of 100 miles, in fourteen hours and five minutes, the average time being thirty hours. Since October thirty-four of these transports have passed the canal, carrying an average of 1,600 men each.

A great Communistic and Nihilistic Conference in London is projected.

The Egyptian Post-office, which is under the management of an Englishman, cleared a profit of £130,000 last year.

The Earl of Ashburnham, now in his thirty-ninth year, is engaged to marry a young American lady whose name has not yet been publicly announced.

The Manchester *Guardian* says that Mr. Paul Legrand, one of the Northern deputies, has placed on the table of the Chamber at Versailles a petition signed by 25,000 workingmen of the Nord asking for the establishment of a protectionist tariff.

The death is announced, at Pallas, country Galway, of Anthony Francis Nugent, ninth earl of Westmeath, in his 74th year. The deceased nobleman, who succeeded to the earldom in 1871, is succeeded in the peerage by his eldest son, Lord Delvin, late captain in the 9th Foot.

Mr. Tennyson's publishers announce that "The Lover's Tale" will shortly be reissued. This seemed hard on the enthusiastic admirer who bought that copy at the Pickering sale for $200. But his case is even harder than it seemed. That copy was not itself genuine. Mr. Tennyson discovered that some unscrupulous person had reprinted this rare poem from an imperfect copy, and that these forged sheets formed the whole or part of the volume in question. This it was which induced him to give once more to the world a work which his own judgement had once condemned and suppressed. It is not known whether the buyer of the spurious book has got his money back, but legal proceedings of some kind have grown out of the transaction.

Says the New York *World*:—John Bull is a sensible fellow, and always has a slave ready for his wounded vanity. when O'Leary came away with the belt J. B. reminded himself that the Champion was an Irishman, and therefore a kind of Englishman: and when Hanlan outsculled Hawdon he reflected that Hanlan was a Canadian, and therefore another kind of Englishman. His comfort now is as to Parole that the beast is of English blood. Such are the advantages of coming first into the world and of covering a great deal of ground.

"Mary Had a Little Lamb."

Tune—"ALL FOR JOSEPH."

Joe Hogward had a notion,
And swore it by his hams,
That the grocers of Victoria
Should follow him like lambs,

To sell his bacon at his price,
With nare a cent to spare,
And if they buck'd against this thing
He'd make the people stare.

They buck'd, you may be certain,
For deadwood's bad to chaw,
Then wired in my noble Hogward
With highfalutin jaw—

'Bout aphrodite and ancients
And such like "rot" he wrote;
But, darn my stars and garters,
If it brought him in a groat!

But nare a word of Circe,
Or the naughty things she did,
For folks applying it might grin
And he wouldn't get a bid.

Then like Von Tromp, the Dutchman,
Of seagoing renown,
He "vested" some in broomsticks
To sweep the dusty town.

Of butter, too, the scrapings
Of pail and dish and churn,
He had it sent from "Frisco"
To make our stomachs turn.

Of all his other wares, I ween,
A few words will suffice;
They may be very cheap (?) you know,
But are they very nice?

So goodbye, my noble Hogward,
And keep this truth in view,
If you tread on other people's corns,
They'll do the same to you.

DYSENTERY, CHOLERA, FEVER, AGUE, COUGHS, COLDS.

DR. J. COLLIS BROWNE'S

(Ex Army Medical Staff.)

CHLORODYNE

IS THE ORGINAL AND ONLY GENUINE.

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—See *Times*, July, 12, 1864.

The Public, therefore, are cautioned against using any other than

DR. J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousand of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—diphtheria, fever, croup, ague.

CHLORODYNE acts like a charm in diarrhœa, and is the only specific in cholera and dysentery.

CHLORODYNE effectually cuts short all attacks of epilepsy, hysteria, palpitations and spasms.

CHLORODYNE is the only palliative in neuralgia, rheumatism, gout, cancer, toothache, meningitis, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was CHLORODYNE.—*See Lancet*, Dec. 31, 1864.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay.—"CHLORODYNE is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after eighteen months' severe suffering, and when other remedies had failed."

Dr. Lowe, Medical Missionary in India, reports (December, 1865) that in nearly every case of Cholera in which Dr. J. COLLIS BROWNE'S CHLORODYNE was administered, the patient recovered.

Extract from the General Board of Health, London, as to its efficacy in Cholera.—"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

See leading article, *Pharmaceutical Journal*, Aug. 1, 1869, which states that Dr. J. Collis Browne was the inventor of Chlorodyne; that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION.—None genuine without the words "Dr. J. COLLIS BROWNE" on the Government Stamp. Overwhelming medical testimony accompanies each bottle.

Sole Manufacturer, J. T. DAVENPORT, 33, Great Russell Street, Bloomsbury, London.

Sold in bottles at 1s. 1½d., 2s. 9., 4s 6d. and 11s.
